WT C1 Workshop on Virtual Reality Packs for Seniors

The workshop on Virtual Reality Packs for Seniors was held in Barcelon. Two trainers from each partner country met in Barcelona to be trained by Stucum trainers about how to convert the visual presentations with the seniors' memories in apk- Virtual Reality Packs .

Flipped methodology was used as each training video had to we watched before the sessions. Attendees are replicating the training received among their students, social workers, and stakeholders

Visit To ITD Centre De Serveis

ITD Centre de Serveis, company that works with seniors in Barcelona invited We Tomorrow team to its facilities to start a cooperation with its customers

2 TPM in the Isle of Wight College

The second Transnational Project Meeting was held in the Isle of Wight College. Partners discussed about the situation of the project and the guidelines for the design of the competition for the design of virtual glasses in the Vocational schools was decided . <http://we-tomorrow.eu/second-transnational-project-meeting-in-the-isle-of-wight-uk/>
